Visa Account Updated Service Opt-Out Request

Visa Account Updated (VAU) is an account updating service in which your Wakota FCU Visa Debit Card is automatically enrolled. When your Debit Card(s) expire, are lost or stolen and new cards are issued, the VAU service may update relevant card data (card numbers and expirations dates) to appropriate merchants who participate in VAU. This service provides updates to a Visa database only. The database is accessed by those qualified merchants seeking your account information after you have requested they process a recurring payment or payments. This service is provided as a free benefit to you to help facilitate uninterrupted processing of your recurring payments.

If you wish to opt-out of the VAU service, please sign below.

Debit Card Round - Up Savings Enrollment

Federal Credit Union
Your Banking Alternative

When you use your Wakota Federal Credit Union debit card to make a purchase we will round up the amount to the nearest dollar and deposit the difference into your savings account. Saving has never been so easy!

Example:

Your Purchase	Purchase Amount	Rounded up to	Transferred to savings
Groceries	\$115.12	\$116.00	\$0.88
Coffee	\$3.25	\$4.00	\$0.75
Gas	\$62.65	\$63.00	\$0.35
Amount transferred to savings at end of day			\$1.98

How it works:

Every time you use your debit card the purchase you made will be rounded up to the nearest dollar and the difference transferred to your savings account. A single transaction will take place at the end of the day that will transfer the total dollar amount that was "rounded-up" for the day.

You deduct the rounded-up amount from your checking, and watch your savings grow! How easy can balancing your checking account be!

The round-up will not take place if the funds are not available in your checking account. Returns and refunds are not included in the round-up program.
